Attachment 1B – Advice Notes

A.	This Concurrence Agency Response does not represent a development approval for Building Works under the <i>Building Act 1975</i> .
B.	All building works the subject of this notice can only proceed once a development permit for building works is issued by a Building Certifier.
C.	Please note this amenity and aesthetics assessment pertains to the approval of a class 10 building only (defined as Domestic Carport, Shed and Garage (10a)). It is recommended that clarification from a Building Certifier be sought to ensure that an appropriate building classification is applied to align with the building size, purpose, use and intent of operations within the building.
