Attachment 4 – Adopted Infrastructure Charges Notice

Attachment 1 – Conditions Imposed by Assessment Manager

General

- 1) Carry out the approved development generally in accordance with the approved plans identified in section 5 “Approved plans” of the decision notice approval, except as modified by the conditions of this approval as relevant.
- 2) Where there is any conflict between conditions of this approval and details shown on the approved plans, the conditions prevail.
- 3) Exercise the approval and complete all associated works, including any relocation or installation of services, at no cost to Council.
- 4) Reinstatement survey marks where required and install new survey marks in their correct position in accordance with the approved plan. The Subdivision Plan is to be endorsed in accordance with the *Survey and Mapping Infrastructure Act 2003* and *Surveyors Act 2003* and associated regulations and standards.
- 5) Design and construct a vehicle crossover to each new lot in accordance with Planning Scheme Policy SC6.2 *Design and construction standards for non-trunk infrastructure works*.
- 6) Connect each new lot to Council’s reticulated water supply in accordance with Planning Scheme Policy SC6.2 *Design and construction standards for non-trunk infrastructure works*.

Advice to the applicant

- Unless otherwise explicitly identified, all conditions of this development permit must be completed to Council’s satisfaction prior to the Subdivision Plan being endorsed by Council.
- All rates, charges or any expenses levied by Council over the land must be paid prior to the Subdivision Plan being endorsed by Council.
- This development permit is subject to an adopted infrastructure charges notice, which in this case is calculated to be \$nil. The notice is Council’s formal confirmation that no payment is required.
- This development approval does not authorise any activity that may harm Aboriginal cultural heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that “A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal cultural heritage.” Council does not warrant that the approved development avoids affecting Aboriginal cultural heritage. It may therefore be prudent for you to carry out searches, consultation, or a cultural heritage assessment to ascertain the presence or otherwise of Aboriginal cultural heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding.
