Enc: Attachment 1 - Conditions imposed by the assessment manager  
Attachment 2 - Appeal rights  
Attachment 3 - Approved plan

## **Attachment 1 – Conditions Imposed by the Assessment Manager**

---

### **General**

- 1) Carry out the approved development generally in accordance with the approved plan identified in section 5 “Approved plan” of the decision notice approval, except as modified by the conditions of this approval as relevant.
- 2) Where there is any conflict between conditions of this approval and details shown on the approved plans, the conditions prevail.
- 3) Exercise the approval and complete all associated works, including any relocation or installation of services, at no cost to Council.
- 4) Reinstate survey marks where required and install new survey marks in their correct position in accordance with the approved plan. The Subdivision Plan is to be endorsed in accordance with the *Survey and Mapping Infrastructure Act 2003* and *Surveyors Act 2003* and associated regulations and standards.
- 5) Vehicular access to proposed Lot 104 is to be via Cania Road only.

### **Advice to the applicant**

- Unless otherwise explicitly identified, all conditions of this development permit must be completed to Council’s satisfaction prior to the Subdivision Plan being endorsed by Council.
- Note that proposed Lot 104 has frontage to a dedicated road that is not presently constructed or maintained by Council. The Council does not intend to construct such road and it would therefore not be a practical access to proposed Lot 104.
- All rates, charges or any expenses levied by Council over the land must be paid prior to the Subdivision Plan being endorsed by Council.
- This development approval does not authorise any activity that may harm Aboriginal cultural heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that “A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal cultural heritage.” Council does not warrant that the approved development avoids affecting Aboriginal cultural heritage. It may therefore be prudent for you to carry out searches, consultation, or a cultural heritage assessment to ascertain the presence or otherwise of Aboriginal cultural heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding.
