Dear Sir / Madam

**RE: DEVELOPMENT APPLICATION FOR RECONFIGURING A LOT - BOUNDARY
REALIGNMENT (2 INTO 2 LOTS) AT 700 COONAMBULA ROAD, RIVERLEIGH; LAND
DESCRIBED AS LOT 2 AND 8SP224113**

Thank you for the above-mentioned development application lodged with the North Burnett Regional Council on 5 May 2023 and taken to be properly made on 10 May 2023.

Please find attached the Decision Notice for the above-mentioned development application.

Sections 71 and 72 of the Planning Act 2016 identifies when a development approval has effect and the development may start. In summary, a development approval generally has immediate effect, except when—

- if there is an appeal, after the appeal has ended;
- if there is no appeal but there was a submitter, all submitters have notified the Council that they will not appeal the decision, or when the last appeal period ends.

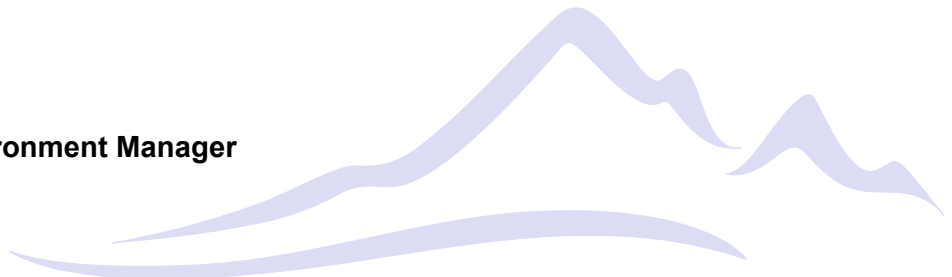

Please quote Council's application number: DA230025 in all subsequent correspondence relating to this development application. Should you require any clarification regarding this matter or wish to schedule a meeting, please contact Council's Development Services team on telephone 1300 696 272.

Yours sincerely,

Mick Jarman
Interim Planning & Environment Manager

Attachment 2-approved plans
Attachment 3-appeal rights

Attachment 1 – Conditions Imposed by Assessment Manager

General

- 1) Carry out the approved development in accordance with the approved plans and documents identified in section 5 “Approved plans” of the decision notice approval, except as modified by the conditions of this approval as relevant.
- 2) Where there is any conflict between conditions of this approval and details shown on the approved plans and documents, the conditions prevail.
- 3) Exercise the approval and complete all associated works, including any relocation or installation of services, at no cost to Council.
- 4) Comply with all conditions of this development permit to the submission of the request for the approval of plan of subdivision, unless otherwise explicitly stated.

Survey & Easement

- 5) Lodge a Plan of Subdivision with Council in accordance with *Schedule 18 of the Planning Regulation 2017* on or before the end of the currency period.

Easement

- 6) The easement as detailed on the approved plan “Plan of Proposed Lots 2 and 8 by JB Serisier Surveyors & Planners, document number S220376-Pro2” is of water purposes only and is not to be used for access to lot 2.

Existing Services and Structures

- 7) Ensure all existing and proposed utility services and connections (e.g. electricity, telecommunications, water, and sewerage) are wholly located within the lot they serve.
- 8) Certification must be submitted to council from a cadastral surveyor which certifies that:
 - (a) the boundary clearances for any existing buildings that are to remain on the site comply with the relevant provisions of the planning scheme and the *Building Act 1975* (unless varied by this development approval), where boundary clearances for buildings other than class 1 or 10 buildings are to be determined by a building certifier
 - (b) all existing effluent disposal areas are wholly located within the lot they serve and comply with the boundary setback requirements of the *Plumbing and Drainage Act 2002* and associated codes and requirements, as determined by a building certifier or other suitably qualified professional.
 - (c) all dams (including ponded water, dam walls and associated spillway structures) are wholly located within the boundaries of a single lot.

Vehicle access

- 9) Access for lot 2 is to be on the south-eastern corner of lot 2 onto Jarvis Road.
- 10) Access for lot 8 is to remain in the current location on the south-western corner of lot 8.
- 11) Driveway cross-overs to each lot are to be designed and constructed in accordance with the North Burnett Regional Planning Scheme Policy SC6.2 *Design and construction standards for non-trunk infrastructure works*.

- 12) Any works on existing driveway cross-overs or installation of new driveway cross-overs require written approval by Council's Civil Works team prior to commencement of works.

Water supply and sewerage infrastructure

- 13) Proposed lot 2 and 8 are not serviced by reticulated town water. At time of building residential premises on proposed lot 2 it is to be provided with rainwater tank/s having a minimum 45,000 litre capacity.
- 14) Proposed lot 2 and 8 are not serviced by reticulated sewer system. At time of building residential premises on proposed lot 2 it is to be provided with an on-site wastewater treatment system that complies with the Plumbing and Drainage Act 2018, Plumbing and Drainage Regulation 2019 and all relevant Codes and Standards

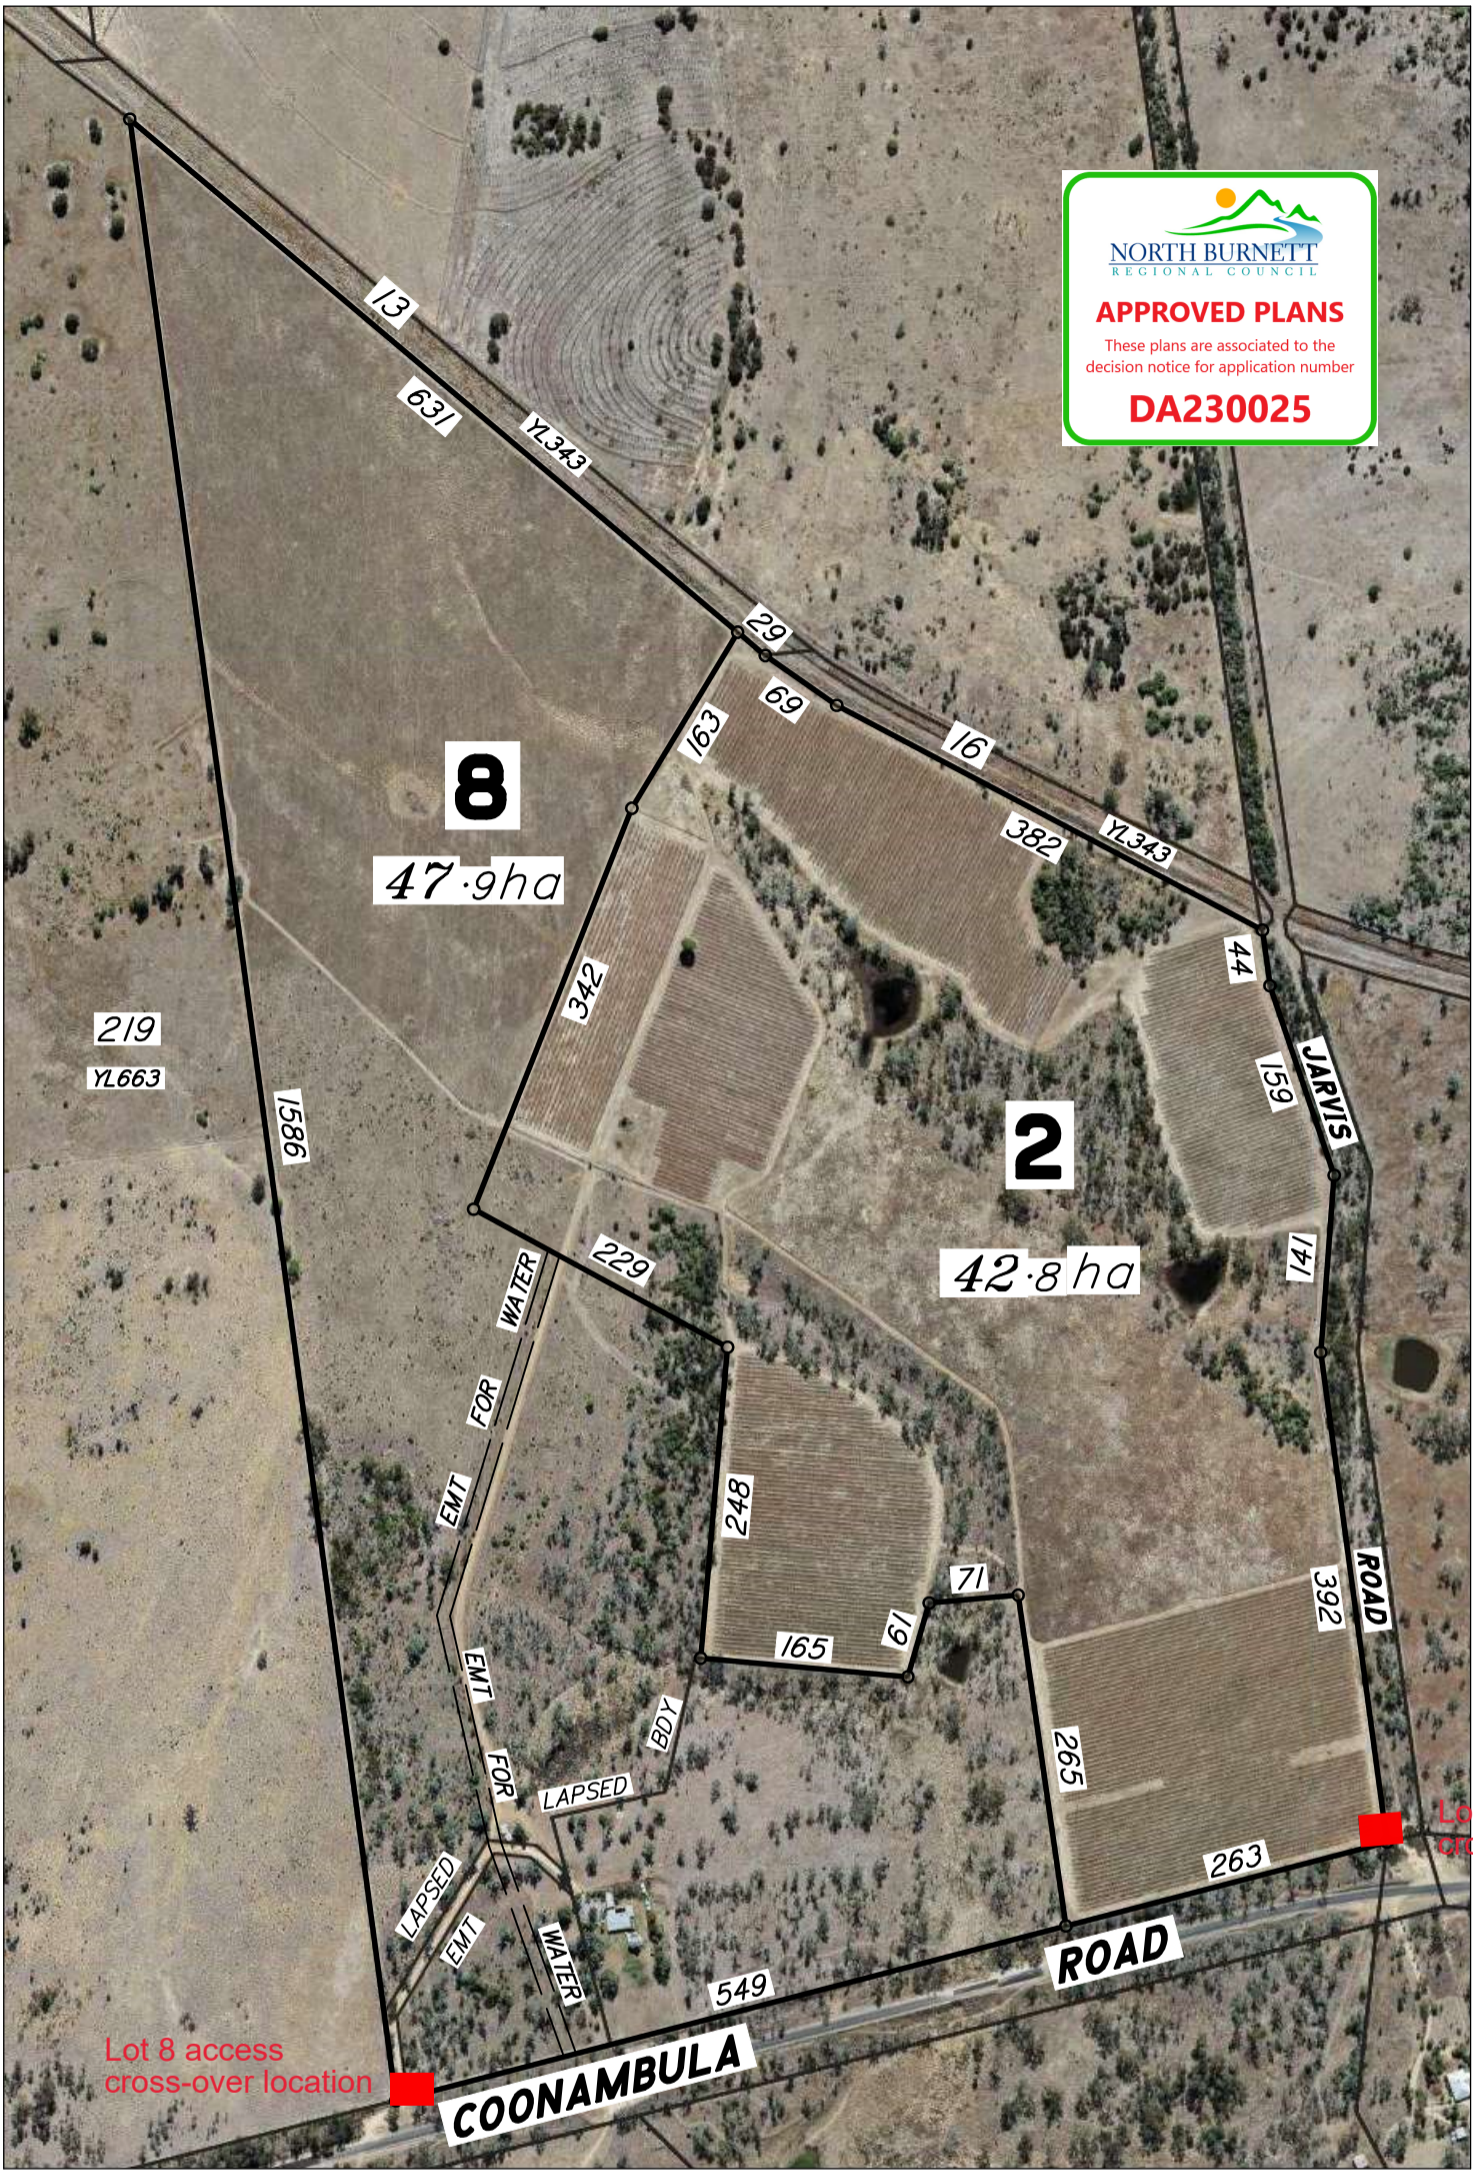

Advice to the applicant

- Unless otherwise explicitly identified, all condition of this development permit must be completed to Council's satisfaction prior to the Subdivision of Plan being endorsed by Council or proposed use commenced.
- All rates, charges or any expenses levied by Council over the land must be paid prior to the Subdivision Plan being endorsed by Council.
- This approval relates to development requiring approval under the *Planning Act 2016* only. It is the applicant's responsibility to obtain any other necessary approvals, licences or permits required under State and Commonwealth legislation or council local law, prior to carrying out the development. Information with respect to other council approvals, licences or permits may be found on the North Burnett Regional Council website (www.northburnett.qld.gov.au). For information about State and Commonwealth requirements please consult with these agencies directly.
- This development approval does not authorise any activity that may harm Aboriginal cultural heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal cultural heritage." Council does not warrant that the approved development avoids affecting Aboriginal cultural heritage. It may therefore be prudent for you to carry out searches, consultation, or a cultural heritage assessment to ascertain the presence or otherwise of Aboriginal cultural heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding.
- Inspect the vegetation prior to clearing for the presence of nesting birds, koalas, and other fauna, including habitat hollows. No clearing of vegetation which may disturb nesting birds is permitted until the birds have fledged and left the nest. Removal of trees with koalas and other fauna must be carried out under the supervision of a Department of Environment and Heritage Protection registered fauna management spotter-catcher who will be responsible for dealing with native fauna present as required under the Queensland Nature Conservation Act 2002.
- Vegetation clearing for the purposes of infrastructure must comply with the "Accepted Development Vegetation Clearing Code – Clearing for Infrastructure" document by the Department of Resources or otherwise a formal application for Operational Works is required to be submitted to SARA for assessment. Please note that some aspects of the vegetation clearing works may be required to be notified to Department of Resources as part of the accepted development requirements.
- Work that is Constructing or Raising Waterway Barrier Works" document by the Department of Agriculture and Fisheries, otherwise a formal application for Operational Works is required to be submitted to SARA for assessment.
