

# DA Form 1 – Development application details

Approved form (version 1.4 effective 15 December 2023) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot)**, use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

**Note:** All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

## PART 1 – APPLICANT DETAILS

1) Applicant details	
Applicant name(s) <i>(individual or company full name)</i>	Ellendee Park and Accommodation
Contact name <i>(only applicable for companies)</i>	David & Lisa Madden
Postal address <i>(P.O. Box or street address)</i>	122 Shepherds Road,
Suburb	Gayndah
State	Qld
Postcode	4625
Country	Australia
Contact number	0429 066 634
Email address <i>(non-mandatory)</i>	lisa-jensen@bigpond.com
Mobile number <i>(non-mandatory)</i>	0429 066 634
Fax number <i>(non-mandatory)</i>	
Applicant's reference number(s) <i>(if applicable)</i>	

### 2) Owner's consent

#### 2.1) Is written consent of the owner required for this development application?

- Yes – the written consent of the owner(s) is attached to this development application  
 No – proceed to 3)

## PART 2 – LOCATION DETAILS

### 3) Location of the premises (complete 3.1) or 3.2), and 3.3) as applicable)

**Note:** Provide details below and attach a site plan for any or all premises part of the development application. For further information, see DA Forms Guide: Relevant plans.

#### 3.1) Street address and lot on plan

- Street address **AND** lot on plan (all lots must be listed), **or**  
 Street address **AND** lot on plan for an adjoining or adjacent property of the premises (appropriate for development in water but adjoining or adjacent to land e.g. jetty, pontoon. All lots must be listed).

a)	Unit No.	Street No.	Street Name and Type	Suburb
		16191	Burnett Highway	Gayndah
	Postcode	Lot No.	Plan Type and Number (e.g. RP, SP)	Local Government Area(s)
		3	RP32461	North Burnett
b)	Unit No.	Street No.	Street Name and Type	Suburb
	Postcode	Lot No.	Plan Type and Number (e.g. RP, SP)	Local Government Area(s)
		3	RP32462	North Burnett

#### 3.2) Coordinates of premises (appropriate for development in remote areas, over part of a lot or in water not adjoining or adjacent to land e.g. channel dredging in Moreton Bay)

**Note:** Place each set of coordinates in a separate row.

- Coordinates of premises by longitude and latitude

Longitude(s)	Latitude(s)	Datum	Local Government Area(s) (if applicable)
		<input type="checkbox"/> WGS84 <input type="checkbox"/> GDA94 <input type="checkbox"/> Other:	

- Coordinates of premises by easting and northing

Easting(s)	Northing(s)	Zone Ref.	Datum	Local Government Area(s) (if applicable)
		<input type="checkbox"/> 54 <input type="checkbox"/> 55 <input type="checkbox"/> 56	<input type="checkbox"/> WGS84 <input type="checkbox"/> GDA94 <input type="checkbox"/> Other:	

#### 3.3) Additional premises

- Additional premises are relevant to this development application and the details of these premises have been attached in a schedule to this development application  
 Not required

#### 4) Identify any of the following that apply to the premises and provide any relevant details

In or adjacent to a water body or watercourse or in or above an aquifer  
 Name of water body, watercourse or aquifer: \_\_\_\_\_

On strategic port land under the *Transport Infrastructure Act 1994*  
 Lot on plan description of strategic port land: \_\_\_\_\_  
 Name of port authority for the lot: \_\_\_\_\_

In a tidal area  
 Name of local government for the tidal area (if applicable): \_\_\_\_\_  
 Name of port authority for tidal area (if applicable): \_\_\_\_\_

On airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*  
 Name of airport: \_\_\_\_\_

<input type="checkbox"/> Listed on the Environmental Management Register (EMR) under the <i>Environmental Protection Act 1994</i>
EMR site identification: <input type="text"/>
<input type="checkbox"/> Listed on the Contaminated Land Register (CLR) under the <i>Environmental Protection Act 1994</i>
CLR site identification: <input type="text"/>

**5) Are there any existing easements over the premises?**  
*Note: Easement uses vary throughout Queensland and are to be identified correctly and accurately. For further information on easements and how they may affect the proposed development, see [DA Forms Guide](#).*

Yes – All easement locations, types and dimensions are included in plans submitted with this development application  
 No

## PART 3 – DEVELOPMENT DETAILS

### Section 1 – Aspects of development

<b>6.1) Provide details about the first development aspect</b>
a) What is the type of development? <i>(tick only one box)</i>
<input checked="" type="checkbox"/> Material change of use <input type="checkbox"/> Reconfiguring a lot <input type="checkbox"/> Operational work <input type="checkbox"/> Building work
b) What is the approval type? <i>(tick only one box)</i>
<input checked="" type="checkbox"/> Development permit <input type="checkbox"/> Preliminary approval <input type="checkbox"/> Preliminary approval that includes a variation approval
c) What is the level of assessment?
<input checked="" type="checkbox"/> Code assessment <input type="checkbox"/> Impact assessment <i>(requires public notification)</i>
d) Provide a brief description of the proposal <i>(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):</i>
Short-Term Accommodation & Rooming Accommodation
e) Relevant plans <i>Note: Relevant plans are required to be submitted for all aspects of this development application. For further information, see <a href="#">DA Forms guide: Relevant plans</a>.</i>
<input checked="" type="checkbox"/> Relevant plans of the proposed development are attached to the development application
<b>6.2) Provide details about the second development aspect</b>
a) What is the type of development? <i>(tick only one box)</i>
<input type="checkbox"/> Material change of use <input type="checkbox"/> Reconfiguring a lot <input type="checkbox"/> Operational work <input type="checkbox"/> Building work
b) What is the approval type? <i>(tick only one box)</i>
<input type="checkbox"/> Development permit <input type="checkbox"/> Preliminary approval <input type="checkbox"/> Preliminary approval that includes a variation approval
c) What is the level of assessment?
<input type="checkbox"/> Code assessment <input type="checkbox"/> Impact assessment <i>(requires public notification)</i>
d) Provide a brief description of the proposal <i>(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):</i>
e) Relevant plans <i>Note: Relevant plans are required to be submitted for all aspects of this development application. For further information, see <a href="#">DA Forms Guide: Relevant plans</a>.</i>
<input type="checkbox"/> Relevant plans of the proposed development are attached to the development application
<b>6.3) Additional aspects of development</b>
<input type="checkbox"/> Additional aspects of development are relevant to this development application and the details for these aspects that would be required under Part 3 Section 1 of this form have been attached to this development application
<input type="checkbox"/> Not required

## Section 2 – Further development details

7) Does the proposed development application involve any of the following?	
Material change of use	<input checked="" type="checkbox"/> Yes – complete division 1 if assessable against a local planning instrument
Reconfiguring a lot	<input type="checkbox"/> Yes – complete division 2
Operational work	<input type="checkbox"/> Yes – complete division 3
Building work	<input type="checkbox"/> Yes – complete <i>DA Form 2 – Building work details</i>

### Division 1 – Material change of use

**Note:** This division is only required to be completed if any part of the development application involves a material change of use assessable against a local planning instrument.

8.1) Describe the proposed material change of use			
Provide a general description of the proposed use	Provide the planning scheme definition <i>(include each definition in a new row)</i>	Number of dwelling units <i>(if applicable)</i>	Gross floor area (m <sup>2</sup> ) <i>(if applicable)</i>
Accommodation for seasonal workers	Short-Term Accommodation and Rooming Accommodation	24	

8.2) Does the proposed use involve the use of existing buildings on the premises?	
<input checked="" type="checkbox"/> Yes	
<input type="checkbox"/> No	

### Division 2 – Reconfiguring a lot

**Note:** This division is only required to be completed if any part of the development application involves reconfiguring a lot.

9.1) What is the total number of existing lots making up the premises?	

9.2) What is the nature of the lot reconfiguration? <i>(tick all applicable boxes)</i>	
<input type="checkbox"/> Subdivision <i>(complete 10)</i>	<input type="checkbox"/> Dividing land into parts by agreement <i>(complete 11)</i>
<input type="checkbox"/> Boundary realignment <i>(complete 12)</i>	<input type="checkbox"/> Creating or changing an easement giving access to a lot from a constructed road <i>(complete 13)</i>

10) Subdivision				
10.1) For this development, how many lots are being created and what is the intended use of those lots:				
Intended use of lots created	Residential	Commercial	Industrial	Other, please specify:
Number of lots created				

10.2) Will the subdivision be staged?	
<input type="checkbox"/> Yes – provide additional details below	
<input type="checkbox"/> No	
How many stages will the works include?	
What stage(s) will this development application apply to?	

**11) Dividing land into parts by agreement – how many parts are being created and what is the intended use of the parts?**

Intended use of parts created	Residential	Commercial	Industrial	Other, please specify:
Number of parts created				

**12) Boundary realignment**

**12.1) What are the current and proposed areas for each lot comprising the premises?**

Current lot		Proposed lot	
Lot on plan description	Area (m <sup>2</sup> )	Lot on plan description	Area (m <sup>2</sup> )

**12.2) What is the reason for the boundary realignment?**

**13) What are the dimensions and nature of any existing easements being changed and/or any proposed easement? (attach schedule if there are more than two easements)**

Existing or proposed?	Width (m)	Length (m)	Purpose of the easement? (e.g. pedestrian access)	Identify the land/lot(s) benefitted by the easement

**Division 3 – Operational work**

*Note: This division is only required to be completed if any part of the development application involves operational work.*

**14.1) What is the nature of the operational work?**

<input type="checkbox"/> Road work	<input type="checkbox"/> Stormwater	<input type="checkbox"/> Water infrastructure
<input type="checkbox"/> Drainage work	<input type="checkbox"/> Earthworks	<input type="checkbox"/> Sewage infrastructure
<input type="checkbox"/> Landscaping	<input type="checkbox"/> Signage	<input type="checkbox"/> Clearing vegetation
<input type="checkbox"/> Other – please specify: _____		

**14.2) Is the operational work necessary to facilitate the creation of new lots? (e.g. subdivision)**

<input type="checkbox"/> Yes – specify number of new lots: _____
<input type="checkbox"/> No

**14.3) What is the monetary value of the proposed operational work? (include GST, materials and labour)**

\$ _____
----------

**PART 4 – ASSESSMENT MANAGER DETAILS**

**15) Identify the assessment manager(s) who will be assessing this development application**

North Burnett Regional Council

**16) Has the local government agreed to apply a superseded planning scheme for this development application?**

<input type="checkbox"/> Yes – a copy of the decision notice is attached to this development application
<input type="checkbox"/> The local government is taken to have agreed to the superseded planning scheme request – relevant documents attached
<input checked="" type="checkbox"/> No

## PART 5 – REFERRAL DETAILS

17) Does this development application include any aspects that have any referral requirements?

**Note:** A development application will require referral if prescribed by the Planning Regulation 2017.

No, there are no referral requirements relevant to any development aspects identified in this development application – proceed to Part 6

Matters requiring referral to the **Chief Executive of the Planning Act 2016:**

- Clearing native vegetation
- Contaminated land (*unexploded ordnance*)
- Environmentally relevant activities (ERA) (*only if the ERA has not been devolved to a local government*)
- Fisheries – aquaculture
- Fisheries – declared fish habitat area
- Fisheries – marine plants
- Fisheries – waterway barrier works
- Hazardous chemical facilities
- Heritage places – Queensland heritage place (*on or near a Queensland heritage place*)
- Infrastructure-related referrals – designated premises
- Infrastructure-related referrals – state transport infrastructure
- Infrastructure-related referrals – State transport corridor and future State transport corridor
- Infrastructure-related referrals – State-controlled transport tunnels and future state-controlled transport tunnels
- Infrastructure-related referrals – near a state-controlled road intersection
- Koala habitat in SEQ region – interfering with koala habitat in koala habitat areas outside koala priority areas
- Koala habitat in SEQ region – key resource areas
- Ports – Brisbane core port land – near a State transport corridor or future State transport corridor
- Ports – Brisbane core port land – environmentally relevant activity (ERA)
- Ports – Brisbane core port land – tidal works or work in a coastal management district
- Ports – Brisbane core port land – hazardous chemical facility
- Ports – Brisbane core port land – taking or interfering with water
- Ports – Brisbane core port land – referable dams
- Ports – Brisbane core port land – fisheries
- Ports – Land within Port of Brisbane's port limits (*below high-water mark*)
- SEQ development area
- SEQ regional landscape and rural production area or SEQ rural living area – tourist activity or sport and recreation activity
- SEQ regional landscape and rural production area or SEQ rural living area – community activity
- SEQ regional landscape and rural production area or SEQ rural living area – indoor recreation
- SEQ regional landscape and rural production area or SEQ rural living area – urban activity
- SEQ regional landscape and rural production area or SEQ rural living area – combined use
- SEQ northern inter-urban break – tourist activity or sport and recreation activity
- SEQ northern inter-urban break – community activity
- SEQ northern inter-urban break – indoor recreation
- SEQ northern inter-urban break – urban activity
- SEQ northern inter-urban break – combined use
- Tidal works or works in a coastal management district
- Reconfiguring a lot in a coastal management district or for a canal
- Erosion prone area in a coastal management district
- Urban design
- Water-related development – taking or interfering with water
- Water-related development – removing quarry material (*from a watercourse or lake*)
- Water-related development – referable dams
- Water-related development – levees (*category 3 levees only*)
- Wetland protection area

<b>Matters requiring referral to the local government:</b> <input type="checkbox"/> Airport land <input type="checkbox"/> Environmentally relevant activities (ERA) <i>(only if the ERA has been devolved to local government)</i> <input type="checkbox"/> Heritage places – Local heritage places
<b>Matters requiring referral to the Chief Executive of the distribution entity or transmission entity:</b> <input type="checkbox"/> Infrastructure-related referrals – Electricity infrastructure
<b>Matters requiring referral to:</b> <ul style="list-style-type: none"> <li>• The <b>Chief Executive of the holder of the licence</b>, if not an individual</li> <li>• The <b>holder of the licence</b>, if the holder of the licence is an individual</li> </ul> <input type="checkbox"/> Infrastructure-related referrals – Oil and gas infrastructure
<b>Matters requiring referral to the Brisbane City Council:</b> <input type="checkbox"/> Ports – Brisbane core port land
<b>Matters requiring referral to the Minister responsible for administering the Transport Infrastructure Act 1994:</b> <input type="checkbox"/> Ports – Brisbane core port land <i>(where inconsistent with the Brisbane port LUP for transport reasons)</i> <input type="checkbox"/> Ports – Strategic port land
<b>Matters requiring referral to the relevant port operator, if applicant is not port operator:</b> <input type="checkbox"/> Ports – Land within Port of Brisbane’s port limits <i>(below high-water mark)</i>
<b>Matters requiring referral to the Chief Executive of the relevant port authority:</b> <input type="checkbox"/> Ports – Land within limits of another port <i>(below high-water mark)</i>
<b>Matters requiring referral to the Gold Coast Waterways Authority:</b> <input type="checkbox"/> Tidal works or work in a coastal management district <i>(in Gold Coast waters)</i>
<b>Matters requiring referral to the Queensland Fire and Emergency Service:</b> <input type="checkbox"/> Tidal works or work in a coastal management district <i>(involving a marina (more than six vessel berths))</i>

<b>18) Has any referral agency provided a referral response for this development application?</b>		
<input checked="" type="checkbox"/> Yes – referral response(s) received and listed below are attached to this development application <input type="checkbox"/> No		
Referral requirement	Referral agency	Date of referral response
State transport corridor	State Assessment Referral Assessment (SARA)	20 February 2023
Identify and describe any changes made to the proposed development application that was the subject of the referral response and this development application, or include details in a schedule to this development application <i>(if applicable)</i> .		

## PART 6 – INFORMATION REQUEST

<b>19) Information request under Part 3 of the DA Rules</b>
<input checked="" type="checkbox"/> I agree to receive an information request if determined necessary for this development application <input type="checkbox"/> I do not agree to accept an information request for this development application
<b>Note:</b> <i>By not agreeing to accept an information request I, the applicant, acknowledge:</i> <ul style="list-style-type: none"> <li>• <i>that this development application will be assessed and decided based on the information provided when making this development application and the assessment manager and any referral agencies relevant to the development application are not obligated under the DA Rules to accept any additional information provided by the applicant for the development application unless agreed to by the relevant parties</i></li> <li>• <i>Part 3 of the DA Rules will still apply if the application is an application listed under section 11.3 of the DA Rules.</i></li> </ul> <i>Further advice about information requests is contained in the <a href="#">DA Forms Guide</a>.</i>

## PART 7 – FURTHER DETAILS

20) Are there any associated development applications or current approvals? (e.g. a preliminary approval)			
<input type="checkbox"/> Yes – provide details below or include details in a schedule to this development application <input checked="" type="checkbox"/> No			
List of approval/development application references	Reference number	Date	Assessment manager
<input type="checkbox"/> Approval <input type="checkbox"/> Development application			
<input type="checkbox"/> Approval <input type="checkbox"/> Development application			

21) Has the portable long service leave levy been paid? (only applicable to development applications involving building work or operational work)		
<input type="checkbox"/> Yes – a copy of the receipted QLeave form is attached to this development application <input type="checkbox"/> No – I, the applicant will provide evidence that the portable long service leave levy has been paid before the assessment manager decides the development application. I acknowledge that the assessment manager may give a development approval only if I provide evidence that the portable long service leave levy has been paid <input checked="" type="checkbox"/> Not applicable (e.g. building and construction work is less than \$150,000 excluding GST)		
Amount paid	Date paid (dd/mm/yy)	QLeave levy number (A, B or E)
\$		

22) Is this development application in response to a show cause notice or required as a result of an enforcement notice?
<input type="checkbox"/> Yes – show cause or enforcement notice is attached <input checked="" type="checkbox"/> No

23) Further legislative requirements			
<b>Environmentally relevant activities</b>			
23.1) Is this development application also taken to be an application for an environmental authority for an <b>Environmentally Relevant Activity (ERA)</b> under section 115 of the <i>Environmental Protection Act 1994</i> ?			
<input type="checkbox"/> Yes – the required attachment (form ESR/2015/1791) for an application for an environmental authority accompanies this development application, and details are provided in the table below <input checked="" type="checkbox"/> No <i>Note: Application for an environmental authority can be found by searching "ESR/2015/1791" as a search term at <a href="http://www.qld.gov.au">www.qld.gov.au</a>. An ERA requires an environmental authority to operate. See <a href="http://www.business.qld.gov.au">www.business.qld.gov.au</a> for further information.</i>			
Proposed ERA number:		Proposed ERA threshold:	
Proposed ERA name:			
<input type="checkbox"/> Multiple ERAs are applicable to this development application and the details have been attached in a schedule to this development application.			
<b>Hazardous chemical facilities</b>			
23.2) Is this development application for a <b>hazardous chemical facility</b> ?			
<input type="checkbox"/> Yes – Form 69: Notification of a facility exceeding 10% of schedule 15 threshold is attached to this development application <input checked="" type="checkbox"/> No <i>Note: See <a href="http://www.business.qld.gov.au">www.business.qld.gov.au</a> for further information about hazardous chemical notifications.</i>			

### **Clearing native vegetation**

23.3) Does this development application involve **clearing native vegetation** that requires written confirmation that the chief executive of the *Vegetation Management Act 1999* is satisfied the clearing is for a relevant purpose under section 22A of the *Vegetation Management Act 1999*?

- Yes – this development application includes written confirmation from the chief executive of the *Vegetation Management Act 1999* (s22A determination)
- No

**Note:** 1. Where a development application for operational work or material change of use requires a s22A determination and this is not included, the development application is prohibited development.  
2. See <https://www.qld.gov.au/environment/land/vegetation/applying> for further information on how to obtain a s22A determination.

### **Environmental offsets**

23.4) Is this development application taken to be a prescribed activity that may have a significant residual impact on a **prescribed environmental matter** under the *Environmental Offsets Act 2014*?

- Yes – I acknowledge that an environmental offset must be provided for any prescribed activity assessed as having a significant residual impact on a prescribed environmental matter
- No

**Note:** The environmental offset section of the Queensland Government's website can be accessed at [www.qld.gov.au](http://www.qld.gov.au) for further information on environmental offsets.

### **Koala habitat in SEQ Region**

23.5) Does this development application involve a material change of use, reconfiguring a lot or operational work which is assessable development under Schedule 10, Part 10 of the Planning Regulation 2017?

- Yes – the development application involves premises in the koala habitat area in the koala priority area
- Yes – the development application involves premises in the koala habitat area outside the koala priority area
- No

**Note:** If a koala habitat area determination has been obtained for this premises and is current over the land, it should be provided as part of this development application. See koala habitat area guidance materials at [www.des.qld.gov.au](http://www.des.qld.gov.au) for further information.

### **Water resources**

23.6) Does this development application involve **taking or interfering with underground water through an artesian or subartesian bore, taking or interfering with water in a watercourse, lake or spring, or taking overland flow water under the Water Act 2000**?

- Yes – the relevant template is completed and attached to this development application and I acknowledge that a relevant authorisation or licence under the *Water Act 2000* may be required prior to commencing development
- No

**Note:** Contact the Department of Natural Resources, Mines and Energy at [www.dnrme.qld.gov.au](http://www.dnrme.qld.gov.au) for further information.

DA templates are available from <https://planning.dsdmip.qld.gov.au/>. If the development application involves:

- Taking or interfering with underground water through an artesian or subartesian bore: complete DA Form 1 Template 1
- Taking or interfering with water in a watercourse, lake or spring: complete DA Form 1 Template 2
- Taking overland flow water: complete DA Form 1 Template 3.

### **Waterway barrier works**

23.7) Does this application involve **waterway barrier works**?

- Yes – the relevant template is completed and attached to this development application
- No

DA templates are available from <https://planning.dsdmip.qld.gov.au/>. For a development application involving waterway barrier works, complete DA Form 1 Template 4.

### **Marine activities**

23.8) Does this development application involve **aquaculture, works within a declared fish habitat area or removal, disturbance or destruction of marine plants**?

- Yes – an associated resource allocation authority is attached to this development application, if required under the *Fisheries Act 1994*
- No

**Note:** See guidance materials at [www.daf.qld.gov.au](http://www.daf.qld.gov.au) for further information.

### **Quarry materials from a watercourse or lake**

23.9) Does this development application involve the **removal of quarry materials from a watercourse or lake** under the *Water Act 2000*?

- Yes – I acknowledge that a quarry material allocation notice must be obtained prior to commencing development  
 No

**Note:** Contact the Department of Natural Resources, Mines and Energy at [www.dnrme.qld.gov.au](http://www.dnrme.qld.gov.au) and [www.business.qld.gov.au](http://www.business.qld.gov.au) for further information.

### **Quarry materials from land under tidal waters**

23.10) Does this development application involve the **removal of quarry materials from land under tidal water** under the *Coastal Protection and Management Act 1995*?

- Yes – I acknowledge that a quarry material allocation notice must be obtained prior to commencing development  
 No

**Note:** Contact the Department of Environment and Science at [www.des.qld.gov.au](http://www.des.qld.gov.au) for further information.

### **Referable dams**

23.11) Does this development application involve a **referable dam** required to be failure impact assessed under section 343 of the *Water Supply (Safety and Reliability) Act 2008* (the *Water Supply Act*)?

- Yes – the 'Notice Accepting a Failure Impact Assessment' from the chief executive administering the *Water Supply Act* is attached to this development application  
 No

**Note:** See guidance materials at [www.dnrme.qld.gov.au](http://www.dnrme.qld.gov.au) for further information.

### **Tidal work or development within a coastal management district**

23.12) Does this development application involve **tidal work or development in a coastal management district**?

- Yes – the following is included with this development application:
- Evidence the proposal meets the code for assessable development that is prescribed tidal work (*only required if application involves prescribed tidal work*)
  - A certificate of title
- No

**Note:** See guidance materials at [www.des.qld.gov.au](http://www.des.qld.gov.au) for further information.

### **Queensland and local heritage places**

23.13) Does this development application propose development on or adjoining a place entered in the **Queensland heritage register** or on a place entered in a local government's **Local Heritage Register**?

- Yes – details of the heritage place are provided in the table below  
 No

**Note:** See guidance materials at [www.des.qld.gov.au](http://www.des.qld.gov.au) for information requirements regarding development of Queensland heritage places.

Name of the heritage place:		Place ID:	
-----------------------------	--	-----------	--

### **Brothels**

23.14) Does this development application involve a **material change of use for a brothel**?

- Yes – this development application demonstrates how the proposal meets the code for a development application for a brothel under Schedule 3 of the *Prostitution Regulation 2014*  
 No

### **Decision under section 62 of the Transport Infrastructure Act 1994**

23.15) Does this development application involve new or changed access to a state-controlled road?

- Yes – this application will be taken to be an application for a decision under section 62 of the *Transport Infrastructure Act 1994* (subject to the conditions in section 75 of the *Transport Infrastructure Act 1994* being satisfied)  
 No

### Walkable neighbourhoods assessment benchmarks under Schedule 12A of the Planning Regulation

23.16) Does this development application involve reconfiguring a lot into 2 or more lots in certain residential zones (except rural residential zones), where at least one road is created or extended?

- Yes – Schedule 12A is applicable to the development application and the assessment benchmarks contained in schedule 12A have been considered
- No

**Note:** See guidance materials at [www.planning.dsdmip.qld.gov.au](http://www.planning.dsdmip.qld.gov.au) for further information.

## PART 8 – CHECKLIST AND APPLICANT DECLARATION

### 24) Development application checklist

I have identified the assessment manager in question 15 and all relevant referral requirement(s) in question 17

Yes

**Note:** See the *Planning Regulation 2017* for referral requirements

If building work is associated with the proposed development, Parts 4 to 6 of [DA Form 2 – Building work details](#) have been completed and attached to this development application

Yes

Not applicable

Supporting information addressing any applicable assessment benchmarks is with the development application

**Note:** This is a mandatory requirement and includes any relevant templates under question 23, a planning report and any technical reports required by the relevant categorising instruments (e.g. local government planning schemes, State Planning Policy, State Development Assessment Provisions). For further information, see [DA Forms Guide: Planning Report Template](#).

Yes

Relevant plans of the development are attached to this development application

**Note:** Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms Guide: Relevant plans](#).

Yes

The portable long service leave levy for QLeave has been paid, or will be paid before a development permit is issued (see 21)

Yes

Not applicable

### 25) Applicant declaration

By making this development application, I declare that all information in this development application is true and correct

Where an email address is provided in Part 1 of this form, I consent to receive future electronic communications from the assessment manager and any referral agency for the development application where written information is required or permitted pursuant to sections 11 and 12 of the *Electronic Transactions Act 2001*

**Note:** It is unlawful to intentionally provide false or misleading information.

**Privacy** – Personal information collected in this form will be used by the assessment manager and/or chosen assessment manager, any relevant referral agency and/or building certifier (including any professional advisers which may be engaged by those entities) while processing, assessing and deciding the development application. All information relating to this development application may be available for inspection and purchase, and/or published on the assessment manager's and/or referral agency's website.

Personal information will not be disclosed for a purpose unrelated to the *Planning Act 2016*, *Planning Regulation 2017* and the DA Rules except where:

- such disclosure is in accordance with the provisions about public access to documents contained in the *Planning Act 2016* and the *Planning Regulation 2017*, and the access rules made under the *Planning Act 2016* and *Planning Regulation 2017*; or

## 1.0 SUMMARY

This report is for a code assessable development application seeking a Development Permit for a Material Change of Use – “Rooming accommodation” and “Short-Term accommodation” on both Lots 3 RP32461 and Lot 3 RP32462. The proposal is for a staged application firstly with rooming accommodation within the existing house and then short-term accommodation consisting of; - Two (2) amenity blocks, Camp kitchen, Four (4) accommodation buildings containing 3 units each (12), Ten (10) Wooden hut gazebos and lastly Twenty (20) self-contained studio cabins.

It is the intention that the accommodation will provide for essential workers, e.g seasonal workers, government, or mining company workers etc, therefore creating a positive contribution to the region’s economic growth encouraging further investment and capitalise on jobs and growth in the area.

There is a critical shortage for accommodation in the region especially during citrus seasonal periods and other periods of the year with various fruit grown in the area e.g. blueberries and grapes. So this proposal will be an essential relief to the ongoing shortage.

It is considered that this development is compatible with the existing mixed residential and commercial character of the neighbourhood and will not result in a loss of amenity or character for the adjoining land uses with the closest dwelling being approximately 246m away.

## 2.0 PROPOSAL

The proposal is to be carried out in stages as follows;

### Stage 1

Rooming accommodation in the existing house on site.

Short-term Accommodation

### Stage 2

- Amenity blocks – by two (2) each containing four (4) Showers & toilets
- Ten (10) wooden hut gazebo’s with BBQ, fridge and washup facilities

### Stage 3

- Accommodation blocks x four (4) with three (3) rooms in each – not self contained – bedroom with small kitchenet and verandah
- Camp kitchen facility

### Stage 4

- Existing shed – add kitchen facilities (camp kitchen)

### Stage 5

- Self contained studio cabins Twenty (20)

This report has been prepared to accompany an application to the North Burnett Regional Council for a Material Change of Use – “Rooming accommodation” & “Short-term accommodation”. The purpose of this report is to obtain approval from Council for the

proposed development as shown on the Proposal Plans. Refer to Appendix **A – Proposal Plans**.

The subject site is located at 16191 Burnett Highway, Gayndah, and is formally described as Lot 3 on RP32461 and Lot 3 on RP32462. Access via the Burnett highway is over lease land 26SP102268. The subject site is located in the rural zone within the intensive agricultural precinct and the access is within the community facilities zone. The current use residential with previous development as an orchard proposed area for development is zoned as good agricultural land however the previous owner has advised this land is not good for citrus with the loss of topsoil over the years making the land that was utilised for citrus growing unviable. Topographical pics on google map show this decline over the years with less and less orchard area. All orchard trees will be removed for this development.

Existing buildings on the development site consist of 1 shed and a dwelling.

The twelve (12) room accommodation buildings with verandah/deck area proposed at stage 3, while this accommodation is not self-contained the guests will utilise the shared camp kitchen facilities on site. These shared facilities are identified on the site plan provided in **Appendix A**.

It is also noted that some parts of the subject sites are mapped within a flood hazard area. The positioning of the accommodation buildings will be outside the mapped flood areas. flood map provided in **Appendix E**.

The subject site is connected to Council's reticulated water networks, and the accommodation rooms will be connected to these services. With regards to connections to electricity, the site has existing connections to House and Shed with 3 phase power.

All areas around buildings and structures on the development site will have irrigated landscaped gardens with the water allocation attached to the property.

The development will have onsite sewerage treatment systems compliant with the *Plumbing and Drainage Act 2018*

The subject site has frontage to the Burnett Highway, Gayndah. There is an existing vehicle access to the site over a lease easement which will be the only access to the site. This development will be provided with internal roadways for internal vehicle manoeuvring, with these internal roadways to be constructed to the appropriate standards. It is noted that the existing internal roadway is unsealed, and the proposed new roadways would be constructed to a similar standard ensuring that they remain trafficable in all weather conditions.

With regards to carparking, the planning scheme requirements identify that for;

"Rooming accommodation" 1 space per 5 beds (outside the Centre Zone) is required to be provided on site. Based on these planning scheme requirements, for the 4 beds/rooms contain 5 beds = 1 parking space

"Short-term accommodation" One (1) space per unit plus 50 per cent of the requirement for each ancillary use plus 1 SRV (Service vehicle provision rate)

The following parking is required to be provided on site: For (4 x 3 units = 12 units) + (4 x .5) = 14 car parking spaces.

### Self-contained Studio Cabins

Twenty (20) = 20 + 1 SRV (Service vehicle provision rate)

The collection and discharge of stormwater will be appropriately managed to ensure that there are no effects to adjoining properties. Furthermore, given the position of the accommodation rooms on site, it is expected that there will be no impacts from stormwater on the adjoining state-controlled road.

### **3.0 APPLICATION DETAILS**

Application Type	Material Change of Use - "Rooming accommodation for existing house and build Short-Term accommodation – camp ground with 12 non-self-contained units and 20 self-contained studio cabins
Level of Assessment	Code Assessable
Applicant	122 Shepherds Road, GAYNDAH QLD 4625 Telephone: 0429 066 634 Email: lisa-jensen@bigpond.com
Contact Person	Lisa Madden

### **4.0 SITE DETAILS**

Address	16191 Burnett Highway, Gayndah
Real Property Description	Lot 3 on RP32461 and Lot 3RP32462
Site Area - Ha	3RP32461 = 4.2617 & 3RP32462 = 2.3609 = 6.62
Land Use Zone	Rural
Registered Owners	David & Lisa Madden – Ellendee Park and Accommodation
Road Frontage	200m
Existing Vegetation	See Appendix G - See (State Planning Policy mapping layers) – Vegetation.
Topography	
Surrounding Land Uses	Rural & residential

## 5.0 STATUTORY ASSESSMENT

### 5.1 STATE INTEREST

#### 5.1.1 STATE ASSESSMENT AND REFERRALS

For the proposed development, the following referral has been identified under the provisions of the *Planning Regulation 2017*.

#### ISSUE STATUTORY TRIGGER REFERRAL TYPE

ISSUE	STATUTORY TRIGGER	REFERRAL TYPE
State transport corridor	<p>Schedule 10, Part 9, Division 4, Subdivision 2, Table 4, Item 1 (10.9.4.2.4.1):</p> <p>Development application for a material change of use, other than an excluded material change of use, that is assessable development under a local categorising instrument, if all or part of the premises—</p> <ol style="list-style-type: none"><li>1. (a) are within 25m of a State transport corridor; or</li><li>2. (b) are a future State transport corridor; or</li><li>3. (c) are-<ol style="list-style-type: none"><li>1. (i) adjacent to a road that intersects with a State-controlled Road; and</li><li>2. (ii) within 100m of the intersection;</li></ol></li></ol>	Concurrence

The above-mentioned referral triggers assessment against State Code 1: Development in a state-controlled road environment, of the State Development Assessment Provision (SDAP) version 3.0.

### **5.1.2. STATE PLANNING POLICY 2017**

For purposes of this development, we consider that a separate assessment of the proposal against the SPP is not required given that all relevant matters will be dealt with under the provisions of the planning scheme.

### **5.1.3. WALKABLE NEIGHBOURHOOD REGULATION**

This application is not subject to assessment against the provisions of the Walkable Neighbourhood Regulation. It is not anticipated that development of this land will trigger an assessment.

## **5.2 RELEVANT CODES**

The proposed development generally complies with the relevant codes as required when submitting this application. The subject site is located within the Rural Zone. The proposed development will be low-key in nature and will not have any significant impact on the existing character, amenity and the land use of the surrounding rural area. Therefore, it is considered that the proposed application does not conflict with the applicable planning scheme provisions and is therefore generally consistent with the requirements as well as the intent of the zone.

The Planning Scheme contains specific zone codes, overlay codes and development codes for development to be assessed against. The following codes are applicable to the application.

- Rural zone code
- Infrastructure and operation works code
- Infrastructure overlay code
- Flood hazard overlay code

The site meets the requirements for the relevant codes and will comply with provisions that the Council provides. For responses to the applicable codes, please refer to **Appendix F**.

## **6.9 PRE-LODGEMENT ADVICE**

Pre-lodgement advice was requested from North Burnett Regional Council for this development, and a copy of this advice is provided in **Appendix C**.

Pre-lodgement advice was also requested from the State Assessment and Referral Agency (SARA), and a copy of this advice is provided in **Appendix D**.

## **7.0 CONCLUSION**

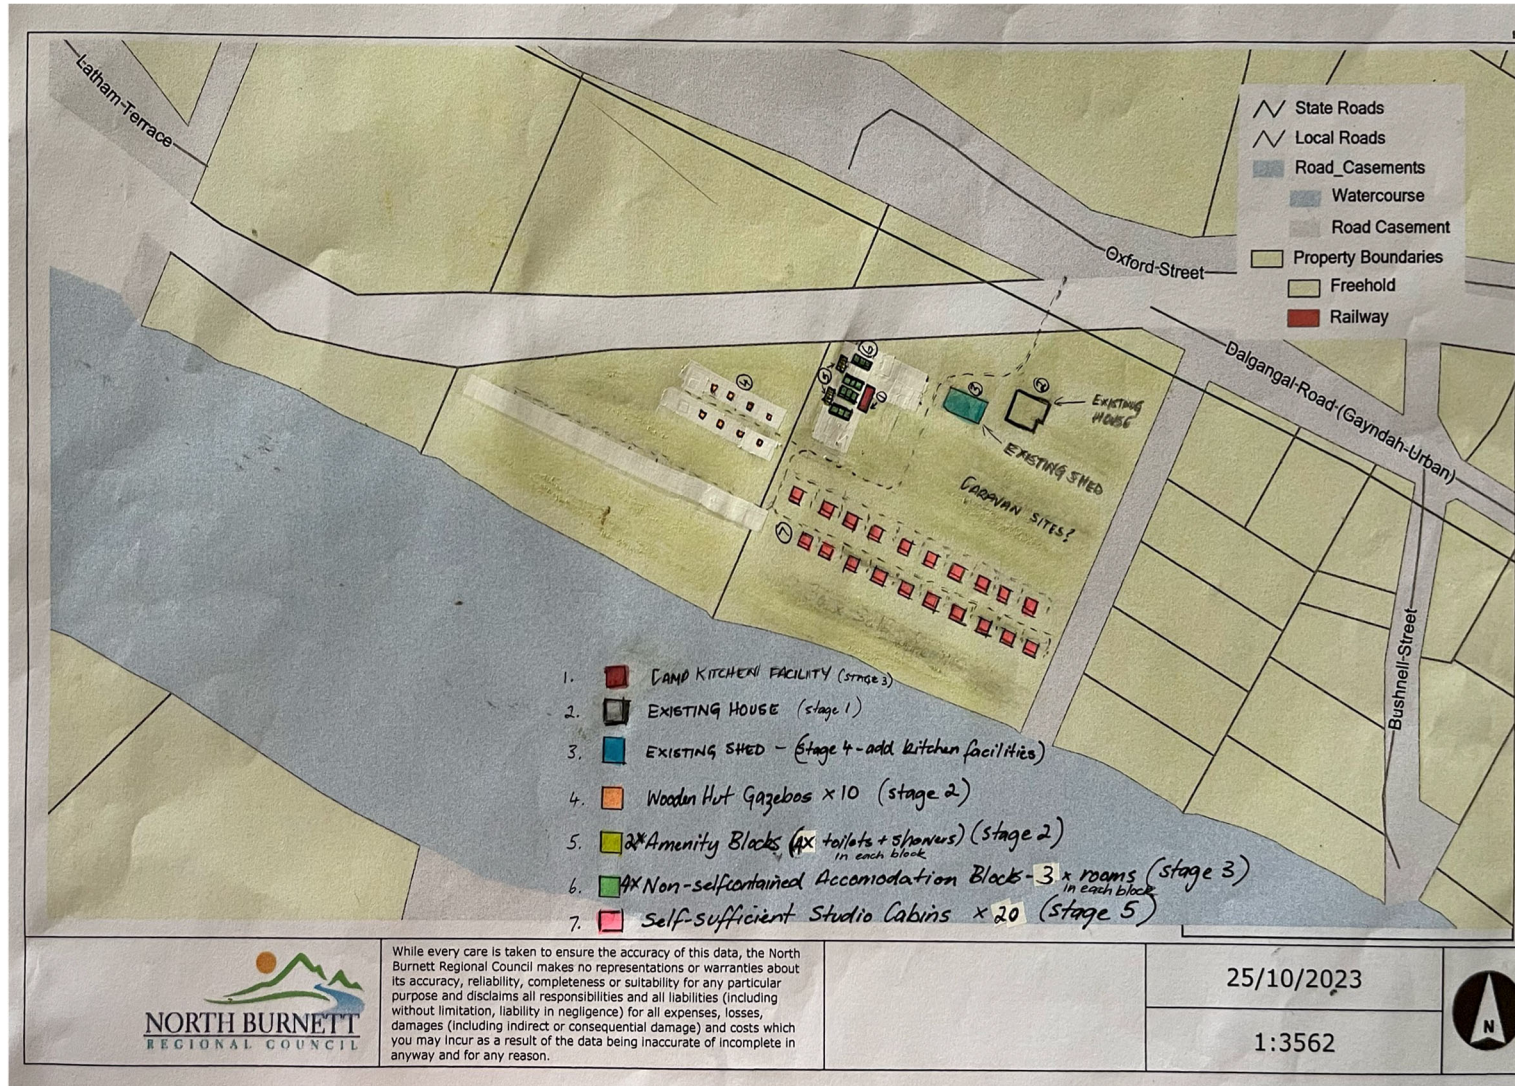

The development is for a Material Change of Use involving for Short-Term Accommodation/Rooming Accommodation, and triggers referral under the *Planning Regulation 2017*.

The required level of Code Assessment has been undertaken and has demonstrated that the proposal is generally consistent with the Planning Scheme. Where there are minor inconsistencies alternative solutions have been put forward.

Therefore, based on the information presented within this report, it is submitted that the proposed development, as applied for, should be recommended for approval subject to reasonable and relevant conditions.

### APPENDIX C

#### Pre-lodgement Advice – North Burnett Regional Council

From: Lyn McLeod <[Lyn.Mcleod@northburnett.qld.gov.au](mailto:Lyn.Mcleod@northburnett.qld.gov.au)>

Date: Fri, 13 Oct 2023 03:38:56 +0000

Subject: Accommodation enquiry response for 16191 Burnett Highway, Gayndah

Hi Lisa and David

Further to your enquiry regarding accommodation development options at 16191 Burnett Highway Gayndah also known as—

- lot 3 RP32462 being within rural zone within the intensive agricultural precinct (green with red spots area),
- lot 1 RP32461 being within the industrial zone (purple area),
- lot 3 RP32461 being within the rural zone, intensive agricultural precinct, and
- lot 1 BON1469 being within the industrial zone.

The land in yellow is the old railway corridor and is zoned community facilities.

There are several definitions your proposed use could be defined as and depends on several different elements as described in the definitions.

- For “Rural Workers Accommodation”

As per the Planning Regulations 2017 **rural workers’ accommodation** means the use of premises for— accommodation, whether or not self-contained, for employees of a rural use, if the premises, and the premises where the rural use is carried out, are owned by the same person.

For this type of application the accommodation can only be provided for workers that are employed in a rural use that has the same owner of the accommodation site (the lots do not have to be adjoining).

- For “Rooming Accommodation”

As per the Planning Regulations 2017 **rooming accommodation** means the use of premises for—

## Extract from the North Burnett Regional Council Planning Scheme v1.4

*(a) residential accommodation, if each resident—*

*(i) has a right to occupy 1 or more rooms on the premises; and*

*(ii) does not have a right to occupy the whole of the premises; and*

*(iii) does not occupy a self-contained unit, as defined under the Residential Tenancies and Rooming Accommodation Act 2008, schedule 2, or has only limited facilities available for private use; and*

*(iv) shares other rooms, facilities, furniture or equipment outside of the resident's room with 1 or more other residents, whether or not the rooms, facilities, furniture or equipment are on the same or different premises; or*

*(b) a manager's residence, an office or providing food or other services to residents, if the use is ancillary to the use in paragraph (a).*

There is no restriction on who can be accommodated due to employment or ownership of facilities.

- For "short-term accommodation" - camp ground

As per the Planning Regulations 2017 ***short-term accommodation***

*(a) means the use of premises for—*

*(i) providing accommodation of less than 3 consecutive months to tourists or travellers or*

*(ii) a manager's residence, office, or recreation facilities for the exclusive use of guests, if the use is ancillary to the use in subparagraph (i); but*

*(b) does not include a hotel, nature-based tourism, resort complex or tourist park.*

- For "workers accommodation"

## Extract from the North Burnett Regional Council Planning Scheme v1.4

As per the Planning Regulations 2017 *workers accommodation*

*(a) means the use of premises for—*

*accommodation that is provided for persons who perform work as part of—*

*(i) a resource extraction project; or*

*(ii) a project identified in a planning scheme as a major industry or infrastructure project; or*

*(iii) A rural use; or*

*(b) does not include rural workers' accommodation*

Defined use	Lot zone	Level of assessment	Applicable codes an application would be assessed against
Rural Workers Accommodation	Rural Zone	Accepted subject to requirements of the rural zone code, if— <ul style="list-style-type: none"> <li>No more than 6 rural workers per 100 hectares of site area reside on the premises</li> <li>Unless within an existing building, no accommodation is within 100 metres of a boundary, road or watercourse.</li> </ul> If cannot meet the above requirements, then a code assessable application is required.	Rural zone code Infrastructure overlay code Flood hazard overlay code
	Industry zone	Impact assessable application	Whole planning scheme
Rooming Accommodation	Rural Zone	Accepted subject to requirements of the rural zone code, if— <ul style="list-style-type: none"> <li>No more than 6 persons per 100 hectares of site area reside on the premises</li> </ul>	Rural zone code Infrastructure overlay code Flood hazard overlay code

## Extract from the North Burnett Regional Council Planning Scheme v1.4

		<ul style="list-style-type: none"> <li>Unless within an existing building, no accommodation is within 100 metres of a boundary, road or watercourse.</li> </ul> <p>If cannot meet the above requirements, then a code assessable application is required.</p>	
	Industry zone	Code assessable application	Industry zone code  Higher density residential code  Infrastructure overlay code  Flood hazard overlay code
short-term accommodation	Rural Zone	Accepted, if—  Not within the conservation precinct; and  Accommodating no more than six paying guests at a time  If cannot meet the above requirements, then a code assessable application is required.	Rural zone code  Infrastructure and operation works code  Infrastructure overlay code  Flood hazard overlay code
	Industry zone	Impact assessable application	Whole planning scheme
workers accommodation	Rural Zone	Impact assessable application	Whole planning scheme
	Industry zone	Impact assessable application	Whole planning scheme

Some key matters from the codes that Council would need to consider are:

- **Traffic management**—the property is located in an area that is not easily accessed, and is on low maintenance roads and in extreme bushfire areas.
- **Natural hazards**—how the site will be managed during flood events, to reduce the risk to residents
- **Site Plan**—a site plan will be required this includes any structures, vehicle movement paths, parking spaces, camp area, and how the two will be separated for safety of pedestrians within the site.

## Extract from the North Burnett Regional Council Planning Scheme v1.4

In general Council would support an application such as proposed, but until an actual application or formal proposal is lodged with Council, a decision cannot be made and every application is taken on its own merit and assessed against the relevant planning material at the time.

The following are documents required to be submitted for the planning application:

1. Attached 'DA form 1 – Development application details'
2. Owners consent (depending on if it is owned in individuals name or company please use which is most applicable)
3. A report about the proposed development and inclusive of any matters within the codes that the proposal is not compliant with,
4. Plans
5. Payment of application fees - once a defined use is decided, I can quote fees.

In addition to the council requirements the application may require referral to State Assessment Referral Agency, due to adjoining the state controlled road (Burnett Highway). As such it is recommended that you contact the Wide Bay Burnett office for the Department of State Development, Infrastructure, local government and Planning for their advice on your proposal. Their contact details are:

Wide Bay Burnett Regional Office – Bundaberg  
Visit – Level 1, 7 Takalvan Street, Bundaberg  
Post – PO box 979 Bundaberg Q 4670  
PH: 07 4331 5614

**APPENDIX D  
Pre-lodgement Advice – State Assessment and Referral Agency**

From: **Peter MULCAHY** <[Peter.Mulcahy@dasilgp.qld.gov.au](mailto:Peter.Mulcahy@dasilgp.qld.gov.au)>

Date: Tue, 20 Feb 2024 at 9:27 am

Subject: Proposed accommodation at Burnett Highway, Gayndah (Lot 2 on RP32461 and Lot 3 on RP32462)

To: [gayndahmilk@gmail.com](mailto:gayndahmilk@gmail.com) <[gayndahmilk@gmail.com](mailto:gayndahmilk@gmail.com)>

Cc: WBSARA <[WBSARA@dasilgp.qld.gov.au](mailto:WBSARA@dasilgp.qld.gov.au)>

Good Morning David and Lisa,

**Proposed accommodation at Burnett Highway, Gayndah (Lot 2 on RP32461 and Lot 3 on RP32462)**

Thank you for your e-mail and attached proposal plans.

SARA Mapping

The proposal plan indicates that a vehicle access associated with the existing Dwelling House will be used for the proposed accommodation, this appears to traverse Lot 26 on SP102268 (leasehold land owned by the State not freehold/private owned).

# Extract from the North Burnett Regional Council Planning Scheme v1.4

LotPlan	26SP102268
Area	4.1839
PropertyName	Gayndah Monto Branch Railway
Property Address	
Property Address1	
Locality	Gayndah

## Extract from the North Burnett Regional Council Planning Scheme v1.4

Use of this land for access purposes would require obtaining prior approval through the Department of Resources (information on state land and leases can be found at the State Government [website](#)). [SARA DA mapping](#) does not indicated that Lot 26 on SP102268 is a mapped railway corridor.

## Extract from the North Burnett Regional Council Planning Scheme v1.4

### Application process

The establishment of accommodation cabins on the property would require preparation and lodgement of a Material Change of Use (MCU) application with the North Burnett Regional Council (NBRC). Based on the location of the property, adjoining the Burnett Highway, referral of the MCU application would be required to the State Assessment and Referral Agency (SARA).

### Application considerations

Any MCU application lodged with the NBRC and referred to SARA should include the following:

- proposal plans prepared in accordance with [DA forms guide: Relevant plans](#)
- completed [DA Form 1](#)
- written response to relevant requirements within [State Code 1: Development in a state-controlled road environment](#) with the most relevant provisions listed below:
- stormwater and overland flow (PO8 to PO11)

## Extract from the North Burnett Regional Council Planning Scheme v1.4

- flooding (PO12)
- drainage infrastructure (PO13 and PO14)
- vehicle access to the State-controlled road (PO15 and PO16)
- environmental emissions (PO39) – *voluntary* transport noise corridor associated with Burnett Highway (based on [SARA State Planning Policy Mapping](#))
- 2023/2024 SARA assessment fee of \$3,636 (likely to increase in the new financial year)

Separately it is recommended that you contact NBRC to discuss the proposed development and relevant requirements within the [North Burnett Planning Scheme 2014](#).

Hope the above information is of assistance.

Kind Regards,

Peter

**Queensland**  
Government

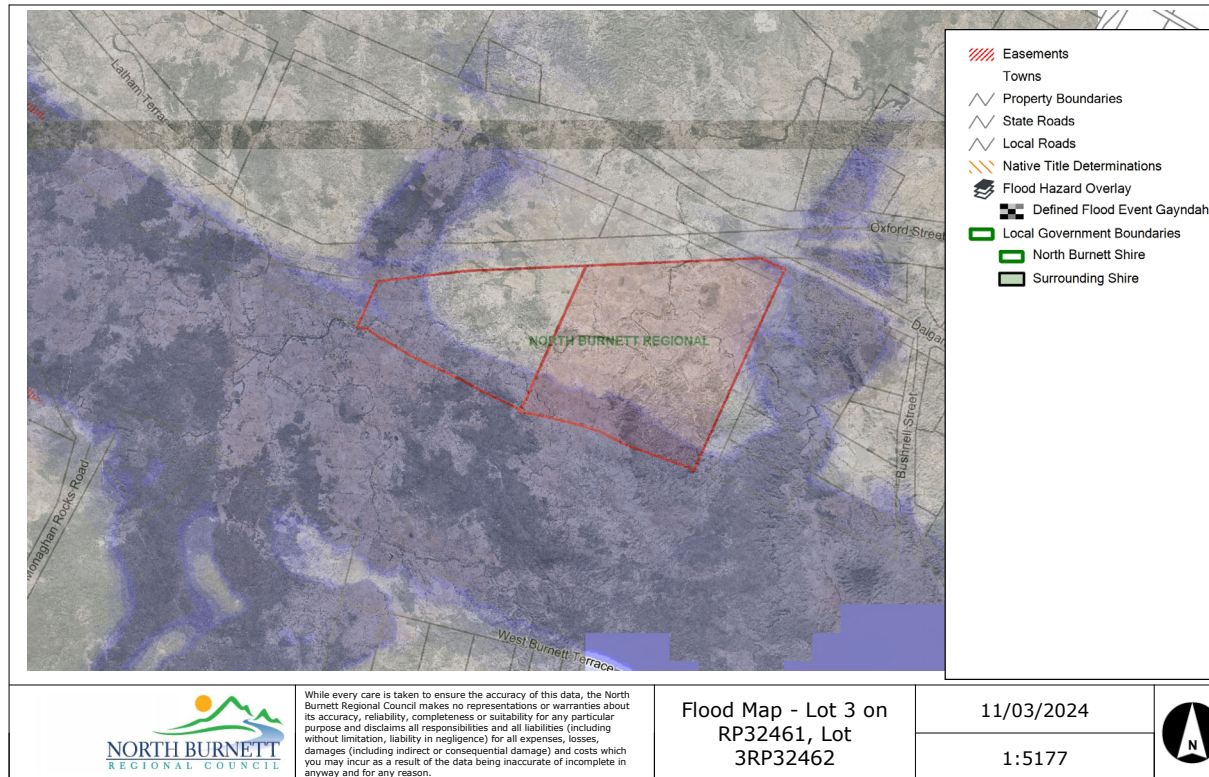

Peter Mulcahy

## APPENDIX E Flood Map

Page 21 of 64

Assessment benchmarks checklist—Infrastructure and operational work code  
(Checklist Rev 1.4—17 August 2020)

# Extract from the North Burnett Regional Council Planning Scheme v1.4

## APPENDIX F Relevant Codes – North Burnett Regional Planning Scheme 2014

## Infrastructure and operation works code

### INFRASTRUCTURE AND OPERATIONAL WORK CODE

#### 9.4.3.1 APPLICATION

- (1) This code applies to development that is accepted subject to requirements or assessable, involving material change of use, reconfiguring a lot, building work and operational work (excluding placing an advertising device) involving landscaping, vehicular parking and access, provision of infrastructure and erosion and sediment control to the extent identified in Part 5 Tables of assessment.
- (2) When using this code, reference should be made to section 5.3.2 and, where applicable, section 5.3.3 located in Part 5 Tables of assessment.

#### 9.4.3.2 PURPOSE AND OVERALL OUTCOMES

	Response	Comments about compliance
(1) The purpose of the Infrastructure and operational work code is to— <ol style="list-style-type: none"> <li>(a) identify appropriate requirements and circumstances for providing non-trunk infrastructure; and,</li> <li>(b) state relevant standards for design and construction of non-trunk infrastructure;</li> <li>(c) incorporate soft and hard landscaping within development to create a pleasant environment for people who engage with the site;</li> <li>(d) incorporate sufficient car parking spaces, safe and convenient access, appropriate facilities for service vehicles including loading and unloading, all designed and constructed to accepted community standards.</li> </ol>	<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<p><b>This development will be provided with and connected to available urban (water) infrastructure services. Outside sewerage services therefore onsite sewerage systems will be provided. Landscape gardens around building and structures on site. Furthermore, sufficient carparking will be provided for this development.</b></p>
(2) The purpose of the Infrastructure and operational work code will be achieved through the following overall outcomes— <ol style="list-style-type: none"> <li>(a) non-trunk infrastructure—                             <ol style="list-style-type: none"> <li>(i) services development to a suitable level that meets the anticipated needs of users;</li> <li>(ii) is safe, cost-effective and efficient; and</li> <li>(iii) creates no significant adverse environmental effects;</li> </ol> </li> <li>(b) the protection and integration of vegetation of ecological, aesthetic and cultural significance into landscape design;</li> <li>(c) landscaping is—</li> </ol>	<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<p><b>The development will be provided with infrastructure to a level that is suitable to service the demand associated with this development. This development contributes to the safe and efficient road network, and will have minimal impact on the adjoining transport network. Furthermore, this development retains the existing vehicle access and provides efficient vehicle parking and maneuvering areas to connect this development with the existing facilities</b></p>

## Extract from the North Burnett Regional Council Planning Scheme v1.4

- (i) attractive and suited to the climate;
- (ii) enhances townscapes, streetscapes and landscapes in the North Burnett Region;
- (iii) complements and enhances the uses and other works on-site;
- (iv) protects the privacy of occupiers of nearby premises;
- (v) discourages crime and vandalism and enhances personal and property security and safety;
- (vi) has low maintenance, energy and water requirements; and
- (d) a safe and efficient road network that avoids excessive traffic, parking, manoeuvring or servicing on roads near the development; and,
- (e) safe, efficient and convenient pedestrian, cycle, mobility-impaired, and vehicular access to, and manoeuvring within sites; and
- (f) adequate on-site facilities for servicing by delivery, refuse and other service vehicles.

Response	Comments about compliance
	<p><b>within the site. All the existing facilities on site will be available for use by guests utilising the new accommodation rooms, and the layout of the development will ensure that it can be serviced by delivery, refuse and any other service vehicles as required.</b></p>

### 9.3.4.3 INTERPRETATION

- (1) For the purposes of section 0 Infrastructure and operational work code, “infrastructure” means non-trunk infrastructure.

## Extract from the North Burnett Regional Council Planning Scheme v1.4

### PERFORMANCE AND ACCEPTABLE OUTCOMES

TABLE 9.4.6—PART 1 CONSTRUCTION PHASE: STORMWATER MANAGEMENT DESIGN OBJECTIVES

Issue	Design Objectives
Drainage control	<ol style="list-style-type: none"> <li>1. Manage stormwater flows around or through areas of exposed soil to avoid contamination.</li> <li>2. Manage sheet flows to avoid or minimise the generation of rill or gully erosion.</li> <li>3. Provide stable concentrated flow paths to achieve the construction phase stormwater management design objectives for emergency spillways on temporary drainage works (Table 9.4.7).</li> <li>4. Provide emergency spillways for sediment basins to achieve the stormwater management design objectives for emergency spillways on temporary sediment basins (Table 9.4.8).</li> </ol>
Erosion control	<ol style="list-style-type: none"> <li>1. Minimise exposure of disturbed soils at any time</li> <li>2. Divert water run-off from undisturbed areas around disturbed areas</li> <li>3. Determine the erosion risk rating using local rainfall erosivity, rainfall depth, soil-loss rate or other acceptable methods</li> <li>4. Implement erosion control methods corresponding to identified erosion risk rating</li> </ol>
Sediment control	<ol style="list-style-type: none"> <li>1. Direct runoff from exposed soils to sediment controls that are appropriate to the extent of disturbance and level of erosion risk.</li> <li>2. All exposed areas greater than 2500 metres must be provided with sediment controls that are designed, implemented and maintained to a standard that would achieve at least 80% of the average annual runoff volume of the contributing catchment treated (i.e. 80% hydrological effectiveness) to 50mg/L Total Suspended Solids (TSS) or less, and pH in the range 6.5-8.5.</li> </ol>
Litter and other waste, hydrocarbons and other contaminants	<ol style="list-style-type: none"> <li>1. Remove gross pollutants and litter.</li> <li>2. Avoid the release of oil or visible sheen to released waters.</li> <li>3. Dispose of waste containing contaminants at authorised facilities.</li> </ol>
Waterway stability and flood flow management	<ol style="list-style-type: none"> <li>1. Where measures are required to meet post-construction waterway stability objectives (specified in Table 9.4.9), these are either installed prior to land disturbance and are integrated with erosion and sediment controls, or equivalent alternative measures are implemented during construction.</li> <li>2. Earthworks and the implementation of erosion and sediment controls are undertaken in ways that ensure flooding characteristics (including stormwater quantity characteristics) external to the development site are not worsened during construction for all events up to and including the 1 in 100 year ARI (1% AEP).</li> </ol>

TABLE ERROR! NO TEXT OF SPECIFIED STYLE IN DOCUMENT.—CAR PARKING AND SERVICE VEHICLE PROVISION RATES

Use	Car parking spaces rate	Service vehicle provision rate
Adult store	One (1) space per 25m <sup>2</sup> GFA	1 SRV
Agricultural supplies store	One (1) space per 50m <sup>2</sup> GFA	None specified
Air service	Applicant to justify the proposed provision of car parking	None specified
Animal husbandry	Nil	Nil
Animal keeping	None specified	None specified
Aquaculture	One (1) space per 100m <sup>2</sup> total use area	None specified
Brothel	None specified	Nil
Bulk landscape supplies	One (1) space per 200m <sup>2</sup> of total use area with a minimum of three (3) spaces	1 HRV or AV
Caretaker's accommodation	One (1) space	Nil
Car wash	One (1) car queuing space for each car wash bay plus no less than two (2) standard parking spaces on-site	1 SRV
Cemetery	Nil	Nil
Childcare centre	One (1) space per five (5) children capacity of centre	None specified
Club	One (1) space per 25m <sup>2</sup> GFA, with a minimum of 5 spaces	1 SRV
Community care centre	None specified	None specified
Community residence	Two (2) spaces	Nil
Community use	None specified	None specified
Crematorium	One (1) space per 20m <sup>2</sup> GFA	None specified
Cropping	Nil	Nil
Detention facility	None specified	None specified
Dual occupancy	Acceptable solution A8 of the QDC MP1.3	Nil
Dwelling house	Acceptable solution A8 of the QDC MP1.2	Nil
Dwelling unit	One (1)	Nil
Educational establishment	One (1) space per ten (10) students	One (1) HRV per 300m <sup>2</sup> GFA in a dedicated bus collection and drop-off area for students
Emergency services	None specified	None specified
Environmental facility	Nil	Nil
Extractive industry	None specified	None specified
Food and drink outlet	Within the Centre Zone—nil, or otherwise one (1) space per 25m <sup>2</sup>	Outside the Centre Zone—1 SRV
Function facility	One (1) space per 25m <sup>2</sup> of GFA	1 SRV

## Rural zone code

### 6.2.7 Rural zone code

#### 6.2.7.1 Application

(1) This code applies to development in the Rural zone that is accepted subject to requirements or assessable against the Rural zone code to the extent identified in Part 5 Tables of assessment.

#### 6.2.7.2 Purpose and overall outcomes

1. The purpose of the Rural zone is to—
  - (a) provide for rural uses and activities; and
  - (b) provide for other uses and activities that are compatible with—
    - (i) existing and future rural uses and activities; and
    - (ii) the character and environmental features of the zone; and maintain the capacity of land for rural uses and activities by protecting and managing significant natural resources and processes.
  
2. The following overall outcomes will achieve the purposes of the Rural zone code—
  - (a) a diverse range of agricultural activities, primary industry and value-adding businesses predominate;
  - (b) Important agricultural areas remain in viable holdings;
  - (c) extractive industries and associated processing develop where the resource is available with appropriate management of environmental impacts and site rehabilitation;
  - (d) difficult-to-locate sports and industries locate where there is adequate separation and buffering to sensitive uses;
  - (e) vegetated slopes and elevated areas provide a scenic backdrop in the natural landscape;
  - (f) a basic level of infrastructure appropriate to rural areas is safe, efficient and sustainable;

Response	Comments about compliance
<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<p><b>Development will provide accommodation to support rural activities and provide rural living opportunities</b></p>
<input type="checkbox"/> complies <input type="checkbox"/> conflicts	<p><b>Development will achieve and provide accommodation for workers in the rural business area.</b></p> <p><b>The land is now not viable for citrus growing due to loss of top soil over the years</b></p>

## Extract from the North Burnett Regional Council Planning Scheme v1.4

	Response	Comments about compliance
<p>(g) safe and efficient transport networks;</p> <p>(h) protection of people and premises from natural hazard;</p> <p>(i) development does not result in serious environmental harm; and</p> <p>(j) if in or proximate to an urban area, development is consistent with and does not compromise the likely longer-term use of other land in the locality.</p>		
<p>3. The following overall outcomes will achieve the purpose of the Conservation precinct—</p> <p>(a) the protection of areas identified as having significant values for biological diversity, water catchment and ecological functioning;</p> <p>(b) the development of ecotourism and recreation facilities occurs pursuant to demonstrated community need and protects environmental and biodiversity values, water quality and the ecological and hydrological processes of wetlands and waterways.</p>	<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	
<p>4. The following overall outcomes will achieve the purpose of the Intensive agriculture precinct—</p> <p>(a) the protection of most Important agricultural areas for cropping purposes;</p> <p>(b) intensive animal industries and extractive industry locate outside the precinct.</p>	<input type="checkbox"/> complies <input checked="" type="checkbox"/> conflicts	<p><b>While the land is zoned intensive agriculture precinct and previously citrus orchard land, it has been stated by previous owner the land is now not viable for the purpose of growing citrus/cropping due to the depletion of the good quality top soil. However it is the intention to grow small crops in the future</b></p>
<p>5. The following overall outcomes will achieve the purpose of the Hinterland precinct—</p> <p>(a) the retention of a sparsely-settled rural character dominated by expansive and low-intensity rural production such as grazing;</p> <p>(b) intensive animal industries establish where they avoid adverse impacts on neighbouring activities.</p>	<input type="checkbox"/> complies <input type="checkbox"/> conflicts	<p><b>Not applicable</b></p>

### 6.2.7.3 Performance and acceptable outcomes

Table 6.2.7—Rural zone code: Accepted subject to requirements and assessable development POs and AOs

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
<b>For accepted subject to requirements and assessable development</b>			
<b>Buffers to sensitive land uses</b>			
<b>PO1</b> residential buildings and waste disposal areas have separation from existing sensitive land uses to mitigate potential adverse impacts from the emission of dust, noise or odours.	<b>AO1.1</b> The following facilities are not less than 150 metres from any existing dwelling in the Rural zone or land included in the General residential zone— (a) animal enclosures; (b) buildings used for storage, processing and packing of produce; and (c) waste disposal areas.	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	<b>The closest dwelling is 246m</b>
<b>Intensity and scale</b>			
<b>PO2</b> The Rural zone maintains a relatively sparsely settled landscape and a high level of scenic amenity with buildings an appropriate scale for their setting.	<b>AO2.1</b> If for Tourist park— (a) there are no more than six caravan or camping sites for every 100 hectares of site area; (b) no caravan or camping sites are within 100 metres of a boundary, road, or watercourse.  <b>AO2.2</b> If for Rural workers' accommodation— (a) no more than six rural workers per 100 hectares of site area reside on the premises; (b) unless within an existing building, no accommodation is within 100 metres of a boundary, road, or watercourse.  <b>AO2.3</b> If for Rooming accommodation— (a) no more than six persons per 100 hectares of site area reside on the premises; (b) unless within an existing building, no accommodation is within 100 metres of a boundary, road or watercourse.	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	

## Extract from the North Burnett Regional Council Planning Scheme v1.4

Table 6.2.7—Rural zone code: Accepted subject to requirements and assessable development POs and AOs

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
<b>Setbacks and boundary clearances</b>			
<b>PO3</b> Buildings maintain separation from other premises to protect privacy and amenity appropriate to expectations of rural residents.	<b>AO3.1</b> New building work is no closer to a boundary than the minimum stated in Column 8 of Table 6.3.1 <b>AO3.2</b> New building work is no closer to a frontage than the minimum frontage setbacks stated in Column 8 of Table 6.3.1.	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	<b>New buildings will comply with setback distances</b>
<b>Lighting</b>			
<b>PO4</b> The intensity, direction, overspill or glare of artificial lighting does not adversely affect— (a) the amenity of the locality; or (b) the safety of road users.	<b>AO4.1</b> Technical parameters, design, installation, operation and maintenance of outdoor lighting complies with AS4282—Control of the Obtrusive Effects of Outdoor Lighting	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>Development involving Caretaker's accommodation</b>			
<b>PO5</b> Caretaker's accommodation— (a) meets the immediate and essential management, security or operational needs of the non-residential use operating from the same premises; (b) is of a size that meet the essential accommodation needs of the caretaker and their reasonably associated household members.	<b>AO5.1</b> A maximum of one caretaker's accommodation locates on a lot. <b>AO5.2</b> One car parking space is available on-site for the exclusive use of residents.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO6</b> Caretaker's accommodation provides an acceptable level of amenity, privacy and comfort suitable for long-term habitation.	<b>AO6.1</b> Residents have exclusive use of private open space at ground level, at least 35m <sup>2</sup> in area, having a minimum dimension of three metres, and directly accessible from the caretaker's accommodation.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>Development involving a Roadside stall</b>			
<b>PO7</b> The on-site display and sale of agricultural produce does not adversely affect—	<b>AO7.1</b> Any building or structure used for the sale of goods or produce is no greater than 10m <sup>2</sup> in covered or uncovered floor area.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies	

## Extract from the North Burnett Regional Council Planning Scheme v1.4

Table 6.2.7—Rural zone code: Accepted subject to requirements and assessable development POs and AOs

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
(a) the amenity, character or safety of rural areas; or (b) the safety and efficiency of roads.	<b>AO7.2</b> Access to the stall— (a) is not from a state-controlled road; and (b) is via the primary property access point. <b>AO7.3</b> One parking space is available adjacent to the stall within the boundaries of the lot.	<input type="checkbox"/> conflicts	
<b>For assessable development only</b>			
<b>Appropriate use</b>			
<b>PO8</b> Land uses in which occupants are likely to be sensitive to high levels of dust, light, noise, odours, chemical spray drift, vibrations and other potential environmental contaminants—  (a) have appropriate separation distances or buffering from existing industrial, rural or other incompatible land uses and infrastructure; and  (b) do not locate close to a State controlled road or a significant local government road.	<b>AO8.1</b> If involving development that increases the number of people who live, work or congregate on the premises no buildings or structures locate within 250 metres of a solid waste management facility or sewerage treatment plant.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO9</b> Infrastructure operates safely and efficiently without interference by incompatible uses or works.	no acceptable outcome identified	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>Site suitability</b>			
<b>PO10</b> Sites are suitably-sized and configured for the intended use and any associated works, including building work, vehicle parking and manoeuvring areas, landscaping, buffering and waste management.	no acceptable outcome identified	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	<b>The two (2) sites are suitably-sized for this development</b>
<b>Natural environment</b>

			With the intention of small crops in the future

## Flood hazard overlay code

### 8.2.3 Flood hazard overlay code

#### 8.2.3.1 Application

(1) This code applies to development that is accepted subject to requirements or assessable, involving material change of use, reconfiguring a lot, operational work or building work where the premises is located partially or fully in the Natural Hazard Management Area (Flood) to the extent identified in Part 5 Tables of assessment.

#### 8.2.3.2 Purpose and overall outcomes

(1) The purpose of the Flood hazard overlay code is to minimise the exposure of people and property to flood hazards.

#### 8.2.3.3

(2) The purpose of the code will be achieved through the following overall outcomes—  
 (a) the siting and design of development maintains or increases safety and comfort for people and property during flood events; and,  
 (b) uses and works minimise the potential for property damage due to flooding.

Response	Comments about compliance
<b>(1)</b> <input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<b>It is also noted that some parts of the subject sites are mapped within a flood hazard area. However, the positioning of the accommodation buildings will be outside the mapped flood areas.</b>
<b>(2)</b> <input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<b>Development and design will be centered around the safety of the people for their protection and to minimise the risk of harm to property and the natural environment during a flood event.</b>

### Performance and acceptable outcomes

<b>If involving reconfiguring a lot</b>			
<b>PO6</b> New lots provide for an appropriate level of flood immunity.	<b>AO6.1</b> All lots contain an appropriate building envelope—	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	

## Extract from the North Burnett Regional Council Planning Scheme v1.4

Table 8.2.2—Flood hazard overlay code: Accepted subject to requirements and assessable development POs and AOs

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about response
	(c) above the flood level of a 1 per cent AEP flood event.		
<b>If involving operational work or building work involving filling or excavation</b>			
<b>PO7</b> Filling or excavation does not directly, indirectly or cumulatively, cause any significant increase in water flow depth, duration or velocity on the site and does not result in an unacceptable risk to people or property from flood hazard.	<b>AO7.1</b> Filling or excavation does not result a net increase in filling of more than 50m <sup>3</sup> — (a) within 100 metres of a wetland or waterway; or (b) within the Flooding and inundation area identified on Overlay maps OM-FH-001 to OM-FH-008; or (c) within the Defined flood event identified on Overlay maps OM-FH-009 to OM-FH-015; or (d) below the flood level of a 1 per cent AEP flood event. <b>AO7.2</b> On-site flood storage capacity remains the same.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO8</b> Works avoid changes to flood characteristics outside the site that may result— (a) in loss of flood storage; (b) alterations to flow paths; (c) acceleration or retardation of flows; or (d) reductions in flood warning times elsewhere in the flood plain.	no acceptable outcome identified	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO9</b> If the development is for community infrastructure for power lines of an electricity entity it is able to function effectively during and immediately after flood events.	no acceptable outcome identified	<input type="checkbox"/> n.a. <input checked="" type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	

## Extract from the North Burnett Regional Council Planning Scheme v1.4 Infrastructure overlay code

### 8.2.4 INFRASTRUCTURE OVERLAY CODE

#### 8.2.4.1 APPLICATION

6. This code applies to development that is accepted subject to requirements or assessable, involving a material change of use, building work, operational work and reconfiguring a lot where the development is in proximity to identified infrastructure to the extent identified in Part 5 Tables of assessment.

#### 8.2.4.2 PURPOSE AND OVERALL OUTCOMES

- (1) The purpose of the Infrastructure overlay code is to protect the function of existing significant infrastructure and future infrastructure areas and minimise community impacts.
- (2) The purpose of the code will be achieved through the following overall outcomes—
- (a) high standards of health and safety for people and property;
  - (b) maintained or enhanced function of the identified infrastructure; and
  - (c) an appropriate level of amenity for development nearby the identified infrastructure.

Response	Comments about compliance
<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<b>The proposed development supports the purpose of the code and new building work will protect existing infrastructure and future infrastructure areas.</b>
<input checked="" type="checkbox"/> complies <input type="checkbox"/> conflicts	<b>A high standard for the health and safety for people and property will always be maintained.</b>

## 8.2.4.3 PERFORMANCE AND ACCEPTABLE OUTCOMES

TABLE 8.2.3 – INFRASTRUCTURE OVERLAY CODE: ASSESSABLE DEVELOPMENT POS AND AOS

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
<b>Road corridors</b>			
<p><b>PO1</b> Adequate separation distances and buffers along identified road corridors mitigate the potential adverse impacts to premises caused by the road corridor, including traffic noise, headlights and streetlights.</p>	<p><b>AO1.1</b> Development fronting a road corridor identified on Overlay maps OM-INFR-001 to OM-INFR-008 incorporates—</p> <p>(a) a minimum frontage setback of 15 metres from any boundary adjacent to the corridor; and</p> <p>(b) a landscaped buffer along the frontage of the site—</p> <p>(i) a minimum width of five metres;</p> <p>(ii) consisting of three-tiered planting (groundcovers, shrubs, trees);</p> <p>(iii) trees with an expected minimum mature height of three metres; and</p> <p>(iv) are consistent with the landscaping policy.</p>	<p><input type="checkbox"/> n.a.</p> <p><input checked="" type="checkbox"/> complies</p> <p><input type="checkbox"/> PO complies</p> <p><input type="checkbox"/> conflicts</p>	<p><b>There is existing buffers (rows of mango trees) separating the proposed accommodation buildings and the road corridor.</b></p>
<b>Stock Routes</b>			
<p><b>PO2</b> The stock route network is protected from development (both on the stock route and adjacent) that would compromise the network's primary use or capacity for stock movement and other values including conservation and recreational.</p>	<p><b>AO2.1</b> Where possible, avoid locating development that may compromise the use of the stock route by travelling stock, particularly if the stock route has a record of frequent use.</p> <p>OR</p> <p><b>AO2.2</b> Where development or land use impacts on a stock route cannot be avoided—</p> <p>(a) provide alternate watered stock route access;</p>	<p><input checked="" type="checkbox"/> n.a.</p> <p><input type="checkbox"/> complies</p> <p><input type="checkbox"/> PO complies</p> <p><input type="checkbox"/> conflicts</p>	

## Extract from the North Burnett Regional Council Planning Scheme v1.4

TABLE 8.2.3 – INFRASTRUCTURE OVERLAY CODE: ASSESSABLE DEVELOPMENT POS AND AOS

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
	(b) ensure grade separation where railways, haul roads or other transport infrastructure, crosses the stock route; and  (c) consider revocation of the stock route declaration if a suitable alternative stock route exists.		
<b>Aerodromes</b>			
<b>PO3</b> Uses near aerodromes do not attract flying vertebrates or release emissions that may affect pilot visibility or interfere with flight communication.	no acceptable outcome identified	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO4</b> Works maintain the safe operation of aerodromes and there are no bright lights, patterns of light, reflective materials or protrusions into operational airspace that could confuse, distract, or interfere with a pilot's vision.	no acceptable outcome identified	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO5</b> Works do not adversely affect operational airspace.	<b>AO5.1</b> Works do not intrude into operational airspace.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>Petroleum and natural gas pipelines</b>			
<b>PO6</b> Adequate separation distances from petroleum and natural gas pipelines minimises risk to the safety of people, property and the infrastructure.	<b>AO6.1</b> If involving development that increases the number of people who live, work or congregate on the premises, or involves the storage of flammable, explosive or other hazardous materials – no buildings or structures locate within 200 metres of the petroleum and natural gas pipeline infrastructure identified on Overlay maps OM-INFR-001 to OM-INFR-008.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>Electricity infrastructure</b>			
<b>If involving a material change of use, building work or operational work</b>			

## Extract from the North Burnett Regional Council Planning Scheme v1.4

TABLE 8.2.3 – INFRASTRUCTURE OVERLAY CODE: ASSESSABLE DEVELOPMENT POS AND AOS

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
<p><b>PO7</b> Adequate separation distances from electricity easements and substations—</p> <p>(a) protect to an acceptable level the safety and amenity of occupants or users of premises; and</p> <p>(b) do not constrain the existing or future operation or function of the easement or facility.</p>	<p><b>AO7.1</b> No buildings or structures locate within—</p> <p>(a) 20 metres of any part of a tower or structure foundation; or</p> <p>(b) 5 metres of the area between the outside conductors of a transmission line when at rest, vertically projected to ground level.</p> <p><b>AO7.2</b> The minimum separation distance between any buildings (other than Class 10) associated with a sensitive land use and the closest boundary of any substation or easement for major electricity infrastructure is 20 metres.</p> <p><b>AO7.3</b> Machinery or equipment used within the electricity easement does not infringe the exclusion zones prescribed in Schedule 2 of the Electrical Safety Regulation 2002.</p> <p><b>AO7.4</b> Blasting within 500 metres of an easement complies with AS2187-1998 Explosives Storage Transport and Use.</p> <p><b>AO7.5</b> Changes in ground-level maintain the statutory ground to conductor clearance distances prescribed by the <i>Electrical Safety Act 2002</i> and the Electrical Safety Regulation 2002.</p>	<p><input type="checkbox"/> n.a.</p> <p><input checked="" type="checkbox"/> complies</p> <p><input type="checkbox"/> PO complies</p> <p><input type="checkbox"/> conflicts</p>	<p><b>No new buildings will be located within 20m of electricity infrastructure</b></p>
<b>If reconfiguring a lot</b>			
<p><b>PO8</b> Reconfigured lots adjoining a substation or easement for major electricity infrastructure protect the safety of users and visual amenity with adequate vegetation buffers and separation distances.</p>	<p><b>AO8.1</b> All lots retain all existing endemic vegetation of mature height within 20 metres of the boundary of the substation or easement for major electricity infrastructure, outside a complying building envelope.</p> <p><b>AO8.2</b> A minimum 3-metre-wide densely planted landscaped buffer is provided along</p>	<p><input checked="" type="checkbox"/> n.a.</p> <p><input type="checkbox"/> complies</p> <p><input type="checkbox"/> PO complies</p> <p><input type="checkbox"/> conflicts</p>	

## Extract from the North Burnett Regional Council Planning Scheme v1.4

TABLE 8.2.3 – INFRASTRUCTURE OVERLAY CODE: ASSESSABLE DEVELOPMENT POS AND AOS

Performance outcomes (PO)	Acceptable outcomes (AO)	Response	Comments about compliance
	the boundary adjoining the electricity infrastructure, including advanced trees and shrubs that will grow to a minimum height of 10 metres.		
<b>Railway</b>			
<b>PO9</b> Development results in noise levels appropriate to the wellbeing of site users, including their ability to sleep, work or otherwise undertake quiet enjoyment without unreasonable interference from rail noise.	<b>AO9.1</b> Development of a sensitive land use within 100 metres of the identified rail infrastructure on Overlay maps OM-INFR-001 to OM-INFR-008 achieves an indoor design criteria average Lmax (10:00 pm – 6:00 am) not greater than 45dB(A).	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts	
<b>PO10</b> Adequate separation distances prevent constraints on the existing or future operation or function of important rail corridors.	<b>AO10.1</b> Works not associated with the rail corridor provide a separation of 20 metres from the rail corridors identified on Overlay maps OM-INFR-001 to OM-INFR-008.	<input checked="" type="checkbox"/> n.a. <input type="checkbox"/> complies <input type="checkbox"/> PO complies <input type="checkbox"/> conflicts

## State Planning Policy mapping layers for each selected Lot Plan

### Lot Plan: 3RP32461 (Area: 45200 m<sup>2</sup>)

#### AGRICULTURE

- Important agricultural areas

#### BIODIVERSITY

- MSES - Wildlife habitat (endangered or vulnerable)
- MSES - Regulated vegetation (category R)
- MSES - Regulated vegetation (essential habitat)

#### NATURAL HAZARDS RISK AND RESILIENCE

- Flood hazard area - Level 1 - Queensland floodplain assessment overlay\* - Flood hazard area - Local Government flood mapping area\*
- #### TRANSPORT INFRASTRUCTURE
- State-controlled road

### Lot Plan: 3RP32462 (Area: 24700 m<sup>2</sup>)

#### AGRICULTURE

- Important agricultural areas

#### BIODIVERSITY

- MSES - Wildlife habitat (endangered or vulnerable)
- MSES - Regulated vegetation (category R)
- MSES - Regulated vegetation (essential habitat)
- MSES - Regulated vegetation (intersecting a watercourse)

#### NATURAL HAZARDS RISK AND RESILIENCE

- Flood hazard area - Level 1 - Queensland floodplain assessment overlay\* - Flood hazard area - Local Government flood mapping area\*
